## INTRODUCING OUR EXPERTS

Our team has been carefully selected over the decades and has hundreds of years-worth of experience working on single wide Presses. We know and understand all of the original factory specs for Goss Community and Urbanite type of Presses. Nobody else even comes close to our quality standards. We have a simple business model that implements a small menu, morals, ethics and credibility resulting in long term successful customers. We are a fully staffed Equipment and Service company that pays attention to detail.

## Jim Easterly

Jimmy is in charge of our day to day Operations and brings his long history in the newspaper industry to imPRESSIONS. He has previously managed nationwide production operations for large newspaper chains. Like most of us here at iW, Jimmy started in a small Goss Community Pressroom in Washington State. He also has experience with mail room, bindery as well as commercial printing sales and service. He has been a publisher and general manager of a large cluster of newspapers. Jim oversees and executes all jobs for imPRESSIONS and gives each job, no matter the size, the full benefit of his knowledge and hard work. Jimmy injects passion, professionalism and dedication to each project we execute. He is a great communicator who stays with our jobs until they are 100% complete, and the customer is satisfied.

“Having worked in newspapers and the commercial printing industry for more than 30 years, I understand what it takes to keep the presses rolling. I truly enjoy the challenges of executing jobs and leading the inPRESSIONS team members. Upholding high standards, keeping our customers successful and their equipment producing quality products are my priorities”
