

IW-XPRTS

INTRODUCING OUR EXPERTS

Our team has been carefully selected over the decades and has hundreds of years-worth of experience working on single wide Presses. We know and understand all of the original factory specs for Goss Community and Urbanite type of Presses. Nobody else even comes close to our quality standards. We have a simple business model that implements a small menu, morals, ethics and credibility resulting in long term successful customers. We are a fully staffed Equipment and Service company that pays attention to detail.

Mike Stallings

Mike has been with imPRESSIONS for more than five years and brings with him an extensive resume in the press industry. He was a lead press operator and assistant foreman for eleven years and worked in a press maintenance department for fifteen years. He has done installations and start-ups for both coldset and heatset Presses. Mike is very mechanically inclined and accepts all challenges we throw at him. He can repair just about any type of Press or Mailroom machinery. He travels globally to audit, service, repair and troubleshoot presses. He is involved in most if not all of our installations, and his customer service is exemplary. Mike is a training and start-up expert and has great communication skills, complimented by a high level of patience. "We earn our success based on our service to our customers, not at the expense of our customer."
